Druids Honor Daly City Clubwoman With Impressive Reception Monday

Mrs. Madeleine Fellows, Grand Arch Druidess of the State of California, was honored Monday night at a beautiful home-coming reception, arranged by her own Hillcrest Circle, No. 143, UAOD. More than 300 distinguished officers, members and friends assembled in the Blue room, Masonic hall, to welcome the prominent Daly City clubwoman, who has attained the highest State office in the Druidic order.

Madame Victorine Lombard, mother of Mrs. Fellows and founder of Hillcrest circle, was general chairman, while Mrs. Marie Barrere, past grand arch druidess, officiated as master of ceremonies. Arch Druidess Lillian Prescott presided.

The beauty of the Blue room setting was enhanced by the lovely gowns of officers and participants and the banks of exquisite flowers.

Most impressive part of the evening's program was the grand procession. An escort team of 20 white-gowned members filed down the length of the room to the rostrum with Mrs. Fellows, who was escorted by Past Grand Arch Druidesses Sarah Armstrong and May Lane, her sponsors. Little Jacqueline Poket, cunningly attired in blue, led the procession, after presenting a bouquet to Mrs. Fellows.

Mrs. Fellows' presentation to her own circle, of which she was a charter member and first arch druidess, marked the highlight in her Druidic career.

Prior to the official presentation, the delegates to the grand session of the convention at Jackson, where Mrs. Fellows was installed as head of the state organization, June 20, were conducted into the room. The Hillcrest delegates included Minnie Bernardi, Victorine Lombard, Flor-

Tommy Beeson "Best Camper"

"Why stop with one honor?" seems to be the slogan of Tommy Beeson, Daly City youth who three times this month has been cited for outstanding ability at Camp Shadowbrook.

When Daly City boys took over Camp Shadowbrook, in the Santa Cruz mountains, July 29 to August 4, Tommy was voted by the camp counsellors "Best all-around camper." He was presented with an honorary block at the end of the Daly City camp period.

During his second week at camp, Tommy was chosen "mayor" of Camp Shadowbrook. This honor he will hold until the end of the camp, August 18.

Climax of the camping season for Tommy, however, is the fact that this week he is serving as junior counsellor to a group of small boys at Camp Shadowbrook. So well was he liked by Recreation leaders, that he had been re-

Daly City Police Jail Three For Street Fight

Daly City police jailed three men Thursday evening for disturbing the peace. A street fight at Westlake avenue and Willits street between Robert Adams, San Pedro, Wayne Goodwan, San Francisco and Thomas Burton, San Francisco, was reaching a noisy climax when the officers reached the scene at 8 p. m.

Order was restored after the men had been taken into custody, Adams' Ford V-8 coupe sent to a local garage and a dog, owned by one of the argumentative trio, put in the pound. The three spent the night in the city jail.

Ask D. C. Groups To Enter Fiesta Parade

All civic and fraternal organizations of Daly City today had received invitations to participate in the huge parade to be staged at San Mateo and Burlingame, Friday, September 20, as one of the new attractions of the 1940 San Mateo County Fiesta and Rodeo.

Thirty-two trophies and ribbons will be awarded winners in the various classifications, the San Mateo Junior Chamber of Commerce, under whose auspices the parade will be held, announced.

William Musgrave, chairman of the event, said that any organization is welcome to enter and that business firms have been invited to co-operate. Musgrave announced that entries could be in the form of floats, marching units, bands and drum corps, or horsemen's groups.

Entry blanks may be obtained by writing or applying to the San Mateo Junior Chamber of Commerce office, or the San Mateo County Fair association at San Mateo.

Jefferson To Have Industrial Bldg.

Jefferson Union high school's plant, already one of the best in the State, will soon be improved by the addition of a $25,000 Industrial Arts building.

Daly City Building Inspector A. J. Bodien announced that the permit for the building had been issued recently.

Principal James Ferguson indicated that surveying and construction work will get under way immediately. The structure, to be situated directly south of the auto-machine shop, will be attached and referred to as the "south wing."

"This building, which will cost approximately $25,000, not including equipment, will enable additional advancement in the industrial line in which the school hopes to grow," the principal commented.

The period, July 7 to August 10, which included the high school permit, showed an excellent gain in building throughout the entire community. Eleven new dwellings and six alterations are reported.

The value of all permits for the period is $82,150., according to the building inspector.

It's Not Too Late To Be Counted

When Uncle Sam's census-takers were pushing Daly City doorbells, did they miss you?

If they did, it is not too late to be counted. City officials today urged uncounted citizens who lived here before March 1, 1940, to contact the local police department, RAndolph 4212, or fill in the coupon below. They pointed out that Daly City will lose approximtely $21.50 a year in state and federal revenues for every person missed.

Here is a handy coupon, which may be filled in and mailed to the Police Department, Wellington Avenue, Daly City.

Boost Tree Planting Campaign

Another boost for Daly City's proposed tree planting campaign came Monday night at council meeting when Mayor John J. Fahey referred the program to the city planning committee.

Proposed several weeks ago by Ed Goldkuhl jr., the tree planting campaign includes suggestions to set out small decorative trees along Daly City streets at uniform distances apart and provide for their maintenance and trimming.

Several letters have been received by The Record regarding the tree planting program. (See page4.) Residents are requested to write their opinions to The Record. Such letters will be placed before the city planning committee when it meets next Monday evening.

Councilman Henry Sundermann announced today that he wished to add his support to the tree planting program.

"I wish to lend my support in something more than words," said Councilman Sundermann, "I have ordered Lake Merced Nursery to purchase trees and set them out in front of my home at Santa Cruz and Guadalupe avenue—the kind of trees that will fit in with uniform city planting if the entire plan materializes."

H. W. A. Rickmann Injured In 10-Ft. Fall

A 10-foot fall brought serious rib bruises and shock to H. W. A. Rickmann, 421 San Diego avenue, Monday evening. Rickmann was working on an addition at the rear of his home when the accident occured.

Police Officer George Hopman took the injured man to Junipero Serra hospital where today his condition is reported favorable.

Daly City Band To Play At Napa

Forty members of the Daly City band will leave here by bus Saturday afternoon for a gala weekend at the Napa county fair and horse show.

Serving as the official band for the Napa county celebration, the local band will perform at two street parades, at special shows on the fairgrounds and at a grandstand concert Sunday afternoon.

Accompanying them will be their attractive drum majorette, Bobbie Bruce; Tipton Banks, drum major, and George E. Brenner, conductor.

Sunday evening, a huge barbecue will be given for the band at the city waterworks park, before they board their bus for the return trip.

Four To One Vote Over-rides Selmi Protest

By a 4-1 vote at Monday evening's council meeting Councilman Edmund Cavagnaro was appointed chairman of the Parks and Playground committee Mayor John J. Fahey made the appointment over the protest of Councilman Paul Selmi, who held the Parks and Playground chairmanship and contended his appointment made last spring was effective for a two year period. Attorney R. A. Rapsey ruled that committee chairmanships were subject to the will of the board and that Councilman Cavagnaro's appointment was valid.

In an interview followig the board meeting, Cavagnaro gave The Record an outline of his plans for developing the Brunswick-Acton and Vista Grande parks.

"At the south end of Brunswick-Acton park we're going to finish surfacing the fenced in area and lay out two tennis courts. There is now only one tennis court at the park. A concrete bulkhead will be constructed around the playground area to keep dirt off the sidewalk. Tanbark pits will be constructed under al playground equipment and the remainder of the playground area is to be surfaced with macadam. All this work is to be completed before January 1, 1941.

Alvin S. Hatch

Candidate for Supervisor, Fourth District, San Mateo County

With four years of experience as supervisor of San Mateo county behind him, Alvin S. Hatch of Half Moon Bay today expressed the hope that he may be returned to office for another term to continue the program of highway, harbor and recreation development which have been carried on successfully since his election to office in 1936, as a representative of the fourth township.

Hatch believes that in his native Coastside San Mateo county has the greatest opportunity to continue the record population on growth revealed in the 1940 census. Opening this vast, scenic and agricultural area to tourists, home owners and farmers requires better transportation facilities, development of more public beaches for all the people of the county, and future construction of a breakwater and development of a harbor at Half Moon Bay, he believes.

In giving an accounting of his custodianship for his first four years as supervisor, Hatch pointed to the following accomplishments: As director of Joint Highway district No. 9 he has made good progress in construction of the Ocean Shore highway. The Pedro Point sector has been completed. The Zanoni hill section was started and completed.

He is also a sponsor of the project to complete sections of the San Joaquin-to-the-Sea highway linking San Mateo and Half Moon Bay to bring it up to the standard of state highways.

He has been instrumental in making beautiful Memorial park more accessible to the public by advocating the construction of two new concrete bridges on the Pescadero Creek road and widening the road for safe travel.

He has worked continually for good highways throughout the county as the county's highway representative on the Mission Trails Highways committee, listing widening of El Camino Real between Burlingame and Lawndale as one of the county's major requirements.

As chairman of the Pilar Point breakwater committee, he has been influential in bringing this project twice before Congress.

He has promoted the idea of saving picturesque Coastside beaches for the public.

TREE PLANTING CAMPAIGN —

Proposed plan for Daly City's tree-planting campaign was given added momentum this week when the mayor referred it to the city planning committee for further study.

The Record feels that small, decorative trees lining the residential streets of Daly City would be a scenic asset to this community. We urge everyone to support this beautification plan.

Below are several of the letters received by The Record in regard to this plan.

Dear Editor:

I think that the tree-planting idea is a very good one, and would like to see it go through.

A Taxpayer.

Dear Editor:

Have noticed in your Daly City Record, Plant a tree, idea, by a popular young man of the city.

I for one is against that idea for the simple reason, we have quite a lot of fog,, and it hangs over Daly City all day sometimes being that it comes from the ocean it's wet too, as the people walk along the sidewalks, the trees drip and you get all wet, hat and clothes especially when it's windy too. Daly City had lots of trees years ago and that's what happened. I remember the Daly City merchants had the trees on Mission street cut for that reason.

It is perfectly all right in Burlingame and the Peninsula cities where the sun is so hot and no fog. Trees are beautiful if taken good care of and in some places. Other places they hide the beautiful views. Have noticed it in San Francisco and other cities. We want all the sunshine we can get and not hide it in Daly City.

A pioneer resident,
Mrs. Vireno.

Editor, Daly City Record,
Dear Sir,

At the last meeting of the Veteran Firemen's association of Daly City, the organization by unanimous vote went on record as favoring the proposed beautifying of Daly City by planting trees along the curbs of all streets here.

The following suggestions were made: that the young trees be of a uniform size, and of a variety with a root growing straight down in order not to interfere with the sewers, water meters, water mains or sidewalk.

We feel that the city council should adopt an ordinance or find some other way to regulate and have control of the project and to care for the upkeep of the trees by pruning and replacement when necessary.

Edward Ford, Secretary,
Veteran Firemen's Association of Daly City.

Daly City Record,
Gentlemen:

At last night's meeting of this department the members went on record, unanimously endorsing the proposition of beautifying our fair city, by planting suitable trees in the sidewalk area.

Yours very truly,
H. W. A. Rickmann, Secretary,
Daly City Fire Department.

Purse-Snatcher Accosts Mrs. Keely

Mrs. Jess M. Keely and her four-year-old grandson, Bobbie, were happily discussing the show they had just seen at the Daly City theatre, Thursday evening, when a purse-snatcher shattered the peace of their quiet walk home.

Mrs. Keely and her little grandson were walking up Crocker avenue, near Hanover street, shortly before 11:45 p. m., when a man ran up behind them. He seized Mrs. Keely and cried "You drop that."

Mrs. Keely called for help but the man grabbed the purse and escaped on foot, running west on Crocker avenue, then north on Winchester street.

Described as being 5 foot, 8 inches tall, slender in build and about 19 or 20 years of age, the suspect did not realize one penny in cash as the large, black purse contained only letters and addresses.

Mrs. Keely is visiting at the home of her son, Robert Keely, 1137 Hanover street, who reported the incident to the Daly City police.

Chewing Gum Okayed

Chewing gum, pencils, rubber bands, toothpicks, pipestems and other things are restful and useful forms of exercise for office workers, Prof. H. L. Hollingsworth, of Barnard college in New York city reported recently. Experiments made over a four-year period showed that chewing relaxes tension and allows individuals to apply more energy to the tasks at hand.

Volcanoes for Visitors

Stromboli, the volcano of the Italian Lipari islands, provides visitors with virtually continuous activity, providing hourly or two-hourly eruptions, of enough violence to give tourists a few moments of thrill as the glowing lava is shot up from the core of the earth.

New Use for Microscope

A new use has been found for the electron microscope, by Drs. Abner Wolf, David Cowen, and Beryl Page of Columbia university. This new super-sharp microscope is able to reveal the exact location, in the cells of glands, muscles, and other tissues, of vital minerals, such as calcium and phosphorus.

PRESTON AND LAMOUR TEAMED IN TECHNICOLOR "TYPHOON"

Teamed for the first time in films, lovely Dorothy Lamour and Robert Preston supply the romance in Paramount's Technicolor South Seas film, "Typhoon," which starts tomorrow at the Daly City theatre. Lynne Overman and J. Carrol Naish will be featured with them in supporting roles.

Main setting for the colorful story of "Typhoon" is a small island in the Dutch East Indies pearling grounds. The picture, of course, takes its title from the seasonal storms that lash these waters, one of which forms the climax.

Dorothy Lamour, sarong of sarongs girl, this time wears a "lava lava," which, reports say, is a Polynesian wrap even briefer than the sarong. Robert Preston follows suit; he wears a "pareu," which is the masculine equivalent to Dotty's bright brevity.

The story storms in as a sailing ship founders, and as Dorothy, as a ten-year-old girl and the sole survivor, is cast on a lonely shore. Years elapse, and the scene shifts to a nearby island, where Robert Preston, discharged from the Navy, is a derelict befriended only by his old pal, Lynne Overman.

Lynne has a submarine, with which he hunts pearls. When he and Bob brawl with a powerful native chief, they must flee on the submarine to save their lives. Lack of oil forces them to abandon ship on a strange isle—which proves to be Dorothy's. Now she has grown to alluring womanhood, lives in a sort of jungle penthouse with a female chimpanzee as her only companion.

Action hustles the continuity to its awe-inspiring windup. J. Carrol Naish leads the crew in mutiny against the sailors. There's a gripping sequence as the submarine submerges, with the main hatch not dogged down! Sudden interruption of the love story is provided by the pursuing Chief, who discovers the sailor's hideaway, and comes shoreward to kill.

Climax is capped on climax. Barrels of oil spread on the scant shoreline are fired by the Chief to burn the whole island! Livid flames race through the foliage, as the hunted race through the jungle for life. Then the instantaneous fury of the tropical storms bursts upon the island!

Companion feature will be "Phantom Raiders," starring Walter Pidgeon and Florence Rice.

DeSoto Dealer Says Used Car In Demand

Is a used car shortage in prospect this summer and fall? There is no way of foretelling with certainty, but there are signs which point definitely in that direction, according to James E. Donahue, Daly City De Soto-Plymouth dealer.

"The picture can be very quickly obtained from reading almost any financial page in the country," said Donahue. "When you see that steel production is up about eight million tons in the first six months of 1940 compared with the same period last year; that car loadings have increased over two million; that Chicago steel mills are at 94.3 per cent of capacity and that hog prices hit a new 8-month record, it is an indication that people are making money.

"When people make money they spend it, and one of the first things they spend it for is a better automobile," continued Donahue. "This not only means stepping up to a higher-priced new car, but stepping up to better used cars.

"We are in a particularly fortunate position locally during the stepping-up trend," added Donahue, "because we have concentrated this year on getting into our used car department trade-ins of two, three and four-year-old cars.

"However, a continuation of the better used car buying trend must eventually result in a depletion of the late-model inventories. Buyers here are showing a shrewd knowledge of this trend by an active upswing in purchases from our used car department, particularly during the past several weeks," concluded Donahue.

Mrs. Hopkins Feted At Surprise Party

"Surprise! Surprise!" were the words that greeted Mrs. George Hopkins, 436 Irvington avenue, as she opened the door to her friend's home.

Mrs. Hopkins went to visit Mrs. Agnes Denning, 151 Wellington avenue, last week, and to her amazement found the house full of many friends who had come to wish her a very happy birthday.

Mrs. Hopkins was showered with many presents and gifts, and a lovely bouquet of flowers from the flower shop in Daly City.

The guests who attended were: Mr. and Mrs. Frank Harrington, Miss Genevieve Albert, Mr. and Mrs. George Clark, and Mr. and Mrs. Edward Polk all of San Francisco.

Mrs. Couglan, Mrs. N. Tallon(Miss Dorothy Hardney, Mr. and Mrs. F. Denning and son Raymond, Daly City.

Mr. Alexander, Mr. Pinkinton, and Sargeant Reynolds, from Treasure Island.

Bob Fessenden, genial manager of the market, sent out a general call for talent today. "We want all the local children we can get to compete," Fessenden said. "There's plenty of room for everyone."

Public Invited To See Art In Action

For the first time in the history of art display, visitors to the Fine Arts Palace on Treasure Island are invited to see the arts backstage.

In a brilliant and colorful setting, the Art in Action plaza, prominent painters, sculptors, potters, print-makers, weavers, and metal workers are demonstrating their methods and techniques, introducing people to the secrets of their craft.

More than sixty artists are participating in "Art in Action." Diego Rivera, the world's most famous muralist, is working on a gigantic fresco painting, powerfully advocating in its theme the idea of Pan American union.

Hermann Volz and his group of assistants are creating a huge mosaic composition out of marble and granite bits on the wall opposite Rivera's mural.

Fred Olmstead is carving the head of Leonardo da Vinci out of a ten-ton block of limestone. Dudley Carter, swinging a double bitted axe, is hewing exciting wood sculpture out of solid redwood timber.

News Of Daly City Fire Department

By Chief A. P. Chesney

The local fire department held their monthly meeting in the fire hall, Santa Barbara avenue, Monday evening. Routine business was handled. All recent fires were also discussed to the end that the fire department can function with ever-increasing efficiency.

Last Tuesday evening the fire commissioners, who assembled for their monthly meeting, had just been seated when an alarm from Box 22 came in. They responded and found a Ford truck on fire at Mission street and Vista Grande avenue. Damage was slight.

On Thursday at 12:40 p. m., the department answered an alarm to quell fire at A. M. Harrison Plumbers, 6236 Mission street, speedy work by Companies Nos. 1, 2, 4 and 5 brought the blaze under control, although at first it had looked bad. The fire originated in a bale of oakum.

Later Thursday afternoon another alarm was turned in, to which Companies 1, 3 and 6 responded. A grass fire outside the city limits was out of hand. Due to the proximity of the Peninsula sanitarium, aid was summoned .

Allen said, "Not only will there be beautiful girls, there will also be exciting scenes of 'real' Indians from Oregon riding and yelling. Wild brahman bull, which originally came from India, will also be exhibited in a thrill-packed riding scene. It's bound to be a huge success."

quested to stay and serve as one of the staff.

Fourteen-year-old Tommy, son of Mr. and Mrs. T. J. Beeson, 6202 Mission street, attends Jefferson Union high school. He plays with the high school orchestra and the famous "Indians of Rhythm," and is solo trumpet player for the Daly City Band. He is a patrol leader and Star Scout of Troop No. 149 and its bugler.

Another thrilling moment in the program came when the grand circle officers retired to bring in an enormous lighted birthday cake, honoring Mrs. Fellows both on her new office and her own birthday. The pink and white frosted loveliness of the cake brought tears to the eyes of the recipient, who expressed her deep appreciation to all the many friends and members present. The cake enclosed tokens and messages to Mrs. Fellows from all the grand and past grand officers.

Grand officers who spoke messages of encouragement and congratulations to the new grand arch druidess include: Grand First Bard Minnie Lino, Past Grand Arch Druidess Sarah Armstrong, Grand Second Bard Josephine Ghilarducci, Grand Secretary Eleanor Hellman, Grand Organist Dell Eden, Grand Guardian J. Thaddeus Cline, Grand Chief Druid Oliver Frances, Past Grand Arch Druidess May Lane, Grand Secretary Edward Mossi, Grand Treasurer Matilda Bennett, Past Grand Arch Druidess Marie Barrere.

Grand officers included: Junior Past Grand Arch Druidess Rowena Lucas, Grand Conductress Speranza Camous, Grand Sentinel Eda Pellegrini, Grand Trustee Ruth Ely, Grand Auditor Lulu Shaw, Grand Auditor Flora Bachelder, Grand Herald William Nave, Junior Past Grand Chief Druid Charles Hagman, Grand Trustee Gustaf Wikstedt, Past Grand Arch Druidesses Hannah McDonald, Catherine Kennedy, Carrie Kelleher.

Entertainment features on the program included dancing numbers by Dorothy Langensand, Ruth Sanderson, Eliva Benedetti and Lorraine Remmer, accompanied by Corrine Pauw at the piano, "Park Bench," a humorous skit, starring Frances Poket, Carl Sirvain and Elmer Shannon, of the Recreation department players, and several solos by Mrs. Millhouser.

Innumerable gifts were bestowed upon Mrs. Fellows from officers and friends. Of particular significance was the presentation from her mother, Mrs. Lombard.

Following the reception a banquet was held. Here again the "happy birthday" motif prevailed and at the main table a beautiful arch of flowers made an attractive frame for Mrs. Fellows, who was gowned in a flowing white dress of chiffon. A 7-pointed Druidic star, emblem of the order, had been placed directly in front of the honored guest.

City officials who called at the banquet to congratulate Mrs. Fellows included Mayor John Fahey, Councilmen Edmund Cavagnaro, Henry Sundermann, Julius Twesten and City Attorney Rudolph A. Rapsey.

Crocker PTA To Hold Outing

Last week's meeting of the Sew and Sew club of Crocker P. T. A. was turned into a baby shower in honor of Mrs. Beatrice Caratti, when 22 members of the club presented her with a combination high chair and play chair.

Those ladies who contributed to the success of the occasion last Thursday were Mesdames Beatrice Caratti, Regina Long, Ann Eason, Helen Krusic, Orvilla Pauw, Eva Hobbs, Mildred Seiler, Hazel Cassasa, Agnes Prescott, Florence Thorsen, Olga Bordson, Vivian Pahlka, Eda Torrance, Emma D'Isep, Marie Gehrig, Lillie Cavagnaro, Virginia Davidson, Marie Parodi, Eunice McClymonds, Mary Jacobi, Ann Lutzker and Miss Corinne Pauw.

Mrs. Mildred Seiler was the hostess of the day, and the luncheon table was tastefully decorated. The center-piece was a cradle holding a baby surrounded with dahlias in the pastel shades. Each guest was presented with a bib and the favors were cradles.

The club will hold its next meeting at the home of Mrs. Carotti, 600 Templeton avenue, Thursday of this week at 10:30 a. m. All members are asked to attend and bring sandwiches.

Crocker P| T. A. will hold its annual outing and meeting at Fleishhacker's grounds, Tuesday, August 20. Members are urged to be present for this all-day outing. "Come and bring the children and make it a grand picnic," said committee members.

Meeting will be held at 2 p. m.

New Use Of Light In Frigidaire

It would be a distinct novelty for a woman if she walked into her kitchen and the light immediately came on without any pressing of a button or switch. There is no display of surprise, however, when a homemaker opens her electric refrigerator door and finds the interior illuminated automatically. This feature of modern electric refrigerators has been in use long enough to be taken for granted.

But there is a surprise in store for women this year in connection with a new use of light in the food compartment of one electric refrigerator. The cold control panel, while always clearly marked with various temperature adjustments, this year has even greater visibility because it is illuminated. With an arrangement of this kind, a homemaker, if she wishes, may even set the cold control without turning on the kitchen light, such as at night, on dark days, or if her regrigerator is located where it receives less outside light than is required to see easily the control panel markings.

"One of the chief aims of designers and engineers who developed the 1940 Fridgidaire," said M. J. Soldavini, manager of Belli Hardware company, local Frigidaire appliance store, "was to add conveniences that make them an even greater pleasure to use. Cold control panel lighting is one of these conveniences, and it is of assistance in much the same way that illuminated dials on an automobile dashboard are of help to the driver."

Raincoat With Eye Appeal

SUMMER frocks this season do not need to hide their light behind the bushel of an unattractive raincoat should clouds gather. This year, raincoats are designed with so much of style inspiration they are fitting companions to the loveliest of summer frocks. This one, of pastel colored silk, obtainable in all summer shades, has been waterproofed with a synthetic known as koroseal which also makes it spotproof, stainproof and fire resistant. The fetching hood is no mean part of its charm.

Mrs. N. Torre and daughter, Adele, Mrs. E. Torre, Mrs. A. Torre, Mrs. M. Ratto, Mrs. F. Crosetti, Mrs. T. Mosconi and daughter Ellen, and Mrs. M. Dodds of San Francisco.

Cypress Ten Trounces Olivets

Mario Victor's fast pitching turned Saturday night's Olivet Memorial Park-Cypress Lawn softball game into a rout, with Cypress Lawn triumphing, 20 to 0.

The spectators don't know much about the Cypress Lawn team as a fielding unit because it had virtually nothing to do, and little more information on Cypress offensive because the Olivets fell apart after a first-inning incident.

The teams donated their services for the benefit of the softball league.

Photography

In response to public demand, the San Mateo County Fiesta has included an Amateur Photography contest as one of the outstanding features of the 1940 Fiesta.

On the committee in charge of the photography contest, including the arrangement of classes, obtaining of judges and prize awards are Earl Foreman, San Mateo, chairman; Elton A. McGraw, Daly City; Mrs. Anita Fowler and James L. Porter, Burlingame; Charles R. Timpany, South San Francisco, and Sidney Martenstein and Reginald McGovern, Redwood City.

This contest has been divided into three classes: "Amateurs—Beginners," "Amateur—Advanced," and "Best Photographs" taken at the Fiesta, and all entries must be received on or bfore September 10. Fifty dollars in cash and $100 in merchandise will be competed for by the entrants. All pictures taken by the exhibitor after July 1, 1939, are eligible to compete and contestants may submit as many as three entries. A special prize will be awarded for the best flower picture and the best candid shot.

The entire mezzanine floor of the clubhouse at Bay Meadows has been set aside for this exhibition of photography.

"Make Mine Antelope" Says Victim Of Beavers

Two young antelope, an animal which does not bore through fences and cut down neighbors' trees, are to be the next wild-life exhibit in the Shasta-Cascade building on Treasure Island.

Treffle R. La Senay, building manager, announced the antelope were to be shipped here from Modoc county by the State Fish and Game commission for exhibition purposes.

Last wild-life exhibit, four beavers, kept the Exposition in a dither as they cut down one valuable willow tree at the Japan exhibit building and ruined two others. The survivor of the four, given up for dead, recently came to life and destroyed two young birch trees near Pacific House.

"No more beavers and certainly no bears," exclaimed La Senay as he arranged for the shipment of antelope.
